

**Instructions:**

# GANTRY EXTENSIONS

V1.0

**SAUCERMEN**  
STUDIOS

[www.saucermenstudios.com.au](http://www.saucermenstudios.com.au)

Thanks for supporting us! You're awesome!

Please respect our license terms by **not sharing** or selling the files or prints.

Commercial licenses are available if you want to print and sell the terrain.

## Key concepts

This set functions in a similar way to the Gantry System in the original Flatline City set, you should also refer to those instructions at <https://saucermenstudios.com.au/flatline-city-gantry-system-instructions/>

This set includes new shapes that match many buildings from the Flatline City: Second Wave set, in addition to new 'half' sized building shapes that are half the length of buildings from the original Flatline City terrain set.

There are also new ramps and supports.

Rooftop sections, ramps and supports can be connected by using OpenLock Clips.

### Ramps

Use OpenLock clips to attach these to compatible rooftops, Accessory Rings or other OpenLock Compatible models.

### Supports

Connect these vertically to match your desired height. OpenLock clips are used to connect these to walkways, Accessory Rings, Compatible rooftops or other OpenLock sockets.

### Rooftops

These can be stacked on top of buildings, frames or accessory rings. They can also be connected vertically with OpenLock Clips.
