The sections

Hero-Stand Display Plinths are modular. You can build a custom combination from four sections – Matching the same size and shape means parts are interchangeable:

Different options

All of the themed plinth sets include basic, blank columns and bases. Various upgrades add more variety, themes, patterns, heights and designs.

There are also 'Pedestals' which are a thematic combination of the Base & Column sections. EG the 'Tech Pedestals'.

Printing & Building

Components all print without supports on FDM printers and fit together without any clips, they also print great in resin (files provided without supports)!

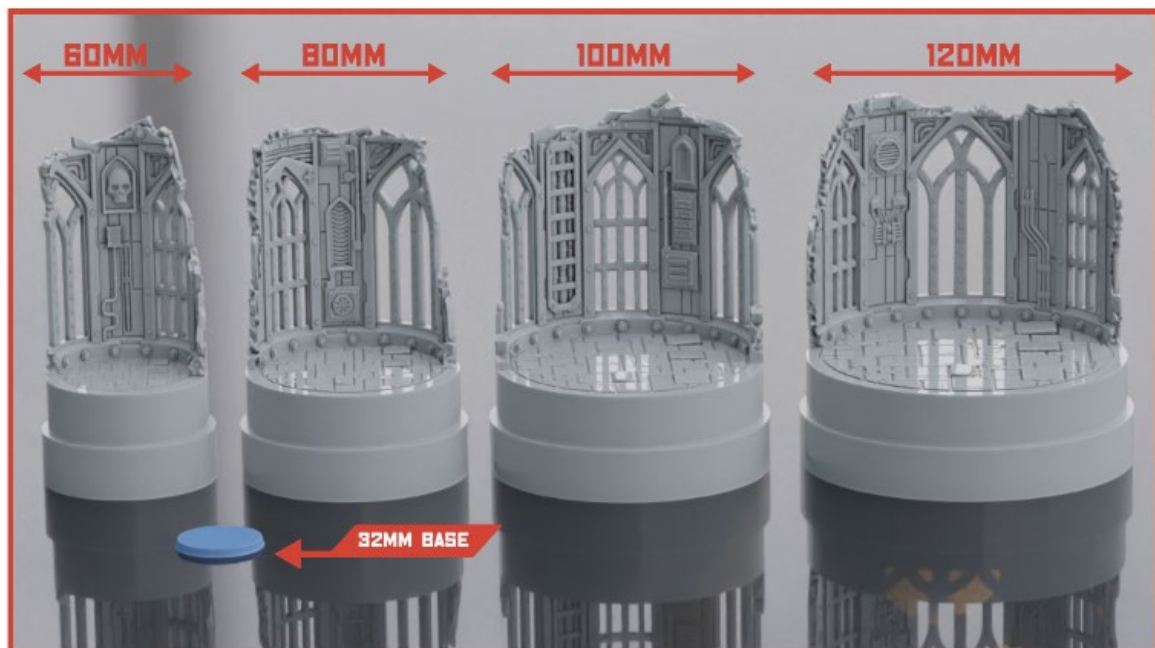

Glue isn't needed, but can be used for permanent builds

The shapes & Sizes

Hero-Stand Display Plinths come in a variety of sizes, shapes and designs. While heights vary for each design, the following width/length options are included in this bundle:

- **Round Plinths** – 60mm, 80mm, 100mm, 120mm diameter
- **Square Plinths** – 60mm, 80mm, 100mm, 100x120mm
- **Oval Plinths** – 65x90mm, 90x120mm
- **Squad Size Plinths** – 150x250mm

Example sizes:

Blank Options

There are entirely blank options of the Round, Square and Oval sizes. These can be used to kitbash your own plinths or add Greebles (available on our website).

Adding Lights, wiring & other effects

Columns and Bases are hollow, so you can insert various effects.

Some sets (such as the Grimdark Chambers) have gaps in the floor to allow light or smoke to come through if those effects are used.

Within the Blank Bases sets are variants that have a hole for leading wire out of the plinth to a power source if needed.

Gang Hideout (Squad Size) Walkways

The Gang Hideout (Squad Size) set has support pillars and walkways included. You can build your plinth with up to four walkways. Simply patch the corner holes of the walkways to the protruding pegs on the walls along with the supports.

Supports have single or double peg variants.
